1. Activation

Enter your Member Number, First name and Last name **exactly as they appear on your last paper statement** (Note: Your name must appear EXACTLY as on the statement e.g. if your first name is "Dave" but your statement reflects "David" you must enter "David" in the first name field. If, for instance, your last name includes "Jr." (e.g. John Smith Jr.) you must type in "Smith Jr." as the last name – remember, even the period after "Jr" must be included).

By clicking the 'Validate' button, the system will then validate whether the information entered is correct.

The system will prompt you for the required number of characters or alpha/numeric combinations needed to successfully create your login credentials.

The system will suggest a username (but this can be changed). It will ask you to enter and confirm a password of choice.

In the event the password is forgotten, please enter in an email address to which a 'Reset Password' link can be sent.

Once all fields are filled out, click on 'Create User' to complete the activation process.
